The Inclusive Participation Toolbox provides the knowledge, material and partners you need to ensure meaningful participation of persons with disabilities.

Visit participation.cbm.org

A hands-on tool for disability-inclusive international cooperation

WHY participation of persons with disabilities and their representative organisations (OPDs) is important. It also contains references to international frameworks.

HOW this can be achieved. It introduces key enablers for participation, advice on inclusive language, interaction or project cycle management.

WHO is your partner. With a worldwide database of OPDs and information on their structure and mandate.

The toolbox comes with supporting material like checklists, presentations, case studies, a glossary and many more.
